

Minutes of Special Meeting
Monday, July 3, 1972 - 2:00 p.m.
Carbon County Courthouse, Price, Utah

Meeting called by George Waterman, Chairman of Price River Distribution System Committee for the purpose of discussing and resolving the Price River Commissioner problem.

At the meeting of April 10, 1972, Mr. Rowley requested that he be relieved of his duties as Price River Commissioner because of health reasons and that someone be found to take over the duties of the Price River Commissioner. He also tendered his resignation in writing to the State Engineer.

In April, Mr. Sam Fazzio agreed to take over the duties of the commissioner for the remainder of the season or until Mr. Rowley was able to return if he so desired. Mr. Waterman, Mr. Marsing, and Mr. Bene agreed with Mr. Sam Fazzio that he take the job for at least ninety (90) days.

Mr. Rowley reported on July 1, 1972, that the medical reports showed that he did not have "Black Lung" and that if the commissioner's position was open he would consider taking it back for the remainder of the year. Mr. Waterman, Mr. Marsing, and Mr. Bene met with Mr. Fazzio, and he was more than willing to let Mr. Rowley take over on July 10, 1972.

Mr. Rowley agreed to take the job for \$90.00 per month for the remainder of the year plus car expenses on a mileage basis and that the River Commissioner's Report is not included in this salary.

Mr. Rowley has been recommended for reappointment to the State Engineer effective July 10, 1972. Mr. Waterman and Mr. Marsing were authorized to represent both Price Canal and Wellington Canal.

John Bene, Secretary
